Men of ICC Men's Club and Knights of Columbus Council 6326:

Things have been very fluid this week. It requires us to both move up our time for this appreciation event, and change the location. There will be a few other minor revisions to our original plans to accommodate both the new date/time/venue.

1. We are reducing the size of the event by limiting it to his brothers in the Men's Club and KC6326. We know many of us have requested wives attend also, so please accept our apologies for any inconvenience. We will try to schedule a separate "Wive's Night Out" event sometime in the future as recompense.
2. Much like our past "Steak and Stogies" event, this will be a casual setting with jambalaya, salad, dessert, soft drinks, beer, and spirits provided by Kenny and Chris. Gentlemen should bring their own cigars.
3. The above changes make for a more relaxed night than our original plan and should enhance camaraderie among brothers.
4. **Your RSVP is still very important! Please confirm your attendance at this revised event.** You may respond with your intentions by **Monday Aug 19** to:
